法联系联系统统联系统统统统统统统统统统 ... Christmas Greetings ...

All the world loves a lover. Perhaps that is why Christmas goes straight to our hearts. Year after year we respond to its magic and poetry, only to learn, as our understanding deepens, that the poetry and the magic are real. Here, in this little crib, lies the Divine lover of us all. We can claim Him, He is ours. No one, nothing can ever take Him from us. "A Child is born to us, a Son is given to us.'

Carols and candlelight, crimson holly berries and gayly lighted tree, gifts given and received-all these tokens of Christmas love and remembrance we rightly cherish. They serve to frame the central fact which gives to all this external loveliness its meaning. "A Child . . . a Son, is given—to us." All the world loves a lover. Let each of us, in our Christmas Communion, humbly resolve to be that lover in a loveless world. Selfishness must give way to unselfishness if our lives are to be beautiful, happy, and enriching to others. How can we be lamps shining in the darkness, unless the light that is in us be the true Light, the light of divine love? May this gift be yours to have and to share a hundredfold this blessed Christmas!

Chavchavadze, born a Russian prince in St. Petersburg, Russia, was a child prodigy at 5 and gave his first public performance at the age of 10 with an appearance at court for the benefit of the Russian war charities. When he was 15 his mother fled from the revolutionists and had the child sent to England where he could continue to develop his musical talents.

He made his professional debut at Wigmore Hall in London in June of 1927. He was received with great enthusiasm by the critics, and began touring the continent.

What goes to make up Christmas? It's the little things, we say. A prayer, a carol, the velvet snow, a passing step that's gay? Long peppermint canes, or angel hair, or a candle's vibrant glow? The glint of tinsel, a pudding, or a sprig of mistletoe? No, 'tis the LITTLE things, we say, and watch the peaceful smile of the Child, born on Christman

But Christmas also means . . .

An Icy Wind . . .

It's an ill wind that blows, moaned Rosemary Wiltgen as she narrowly escaped being black-and-blued by a window, frame and all, blown off during the wind flurries last week. Roommates Helen Mier and Ann Donavon were also a little provoked with same capricious wind as they viewed the broken pane in one of their windows.

A Party's Joy . . .

And joy there is in a hayrack ride, according to the Seniors. Saturday night the Seniors hitched up old Dobbin to the hayrack, not the sleigh, and spent a gay evening singing songs and devouring hamburgers.

And Special Gifts . . .

not Christmas, but birthday gifts, this time. A dozen red roses apiece helped make Helen Joslin's and Pat Morrison's birthday happy indeed, while Ginnie Heidkamp received a musical powder box-it plays "Let Me Call You Sweetheart."

little girls and boys, that is, according to reports heard following Thanksgiving vacation. It seems that some of the Clarke girls with married brothers and sisters found out during vacation that their parents were more intrigued with buying presents for grandchildren than they were for their darling daughters. May sound selfish, but it is frustrating to go to all the bother of tearing little tiny holes in those mysterious packages hidden away, only to find that they contain dolls, or a red fire engine, complete with siren, for nephew Pat.

Something Hoped for . . .

and Clarkites who have seriously considered writing to the U. S. Mint to inform its officials that they don't turn out enough special feature and is being repeated nickels, believe the whole school received an early Christmas presthis time by popular request. Miss ent—a coke machine so intelligent it can actually make change. Seems sad, but the days of "Anybody have two nickels for a dime" are gone forever.

Something "Just for Fun"...

like the trip Pat Campbell made recently to Davenport of the one Pat Morrey made to Champaign, Ill. Or the "just for fun" attitude Phillis Frazier and Ann Marie Byrne had one day when they wore their shoes on the wrong feet, testing the powers of observation of their class mates.

A Hint not Heeded . . .

needn't upset a Clarkite too much. So what if Dad won't see his way clear to giving you that new outfit for your Yuletide gift? You can take a clothes hint and make those old pleated skirts which are too short into smart new straight skirts and give Dad a present in the form of reduced bills. It's really simple. All you do is upplied to you do is unpleat the skirt and use the width for the length in the
